

**ARCH BA****Wood Preservative****PRECAUTIONARY STATEMENTS****HAZARDS TO HUMANS AND DOMESTIC ANIMALS**

**CAUTION:** Harmful if swallowed, absorbed through the skin, or inhaled. Causes moderate eye irritation. Avoid contact with eyes, skin, or clothing. Avoid breathing dust. Wash thoroughly with soap and water after handling and before eating, drinking, and chewing gum, using tobacco, or using the toilet. Remove and wash contaminated clothing before reuse.

Good industrial hygiene practices, such as eye protection from dust fumes or splashes, general or local exhaust ventilating, use of a full face respirator where needed, and washing hands with soap and water before eating, drinking or smoking, should be followed.

**PERSONAL PROTECTIVE EQUIPMENT**

- Applying Arch BA wood preservative requires the use of the following PPE:
- Coveralls or long-sleeved shirt and long pants,
  - Socks and chemical-resistant footwear,
  - Goggles or face shield,
  - Chemical-resistant gloves (such as: Barrier Laminate or Viton).
  - A NIOSH-approved respirator with an ammonia, organic and HEPA cartridge such as P-100 should be worn when PEL threshold levels are exceeded over an 8-hour work period.

**USER SAFETY REQUIREMENTS**

Discard clothing or other absorbent materials that have been drenched or heavily contaminated with this product's concentrate. Do not reuse them. Follow manufacturer's instructions for cleaning/ maintaining PPE. If no such instructions exist for washables, use detergent and hot water. Keep and wash PPE separately from other laundry. Users must wash hands before eating, drinking, chewing gum, using tobacco, or using the toilet. Users must remove clothing immediately if pesticide gets inside. Then wash thoroughly and put on clean clothing. Users must remove personal protective equipment immediately after handling this product. Wash outside of gloves before removing.

**ENVIRONMENTAL HAZARDS**

Do not discharge effluent containing this product into lakes, streams, ponds, estuaries, oceans, or other waters unless in accordance with the requirements of a National Pollutant Discharge Elimination System (NPDES) permit and the permitting authority has been notified in writing prior to the discharge. Do not discharge effluent containing this product to sewer systems without previously notifying the local sewage treatment plant authority. For guidance contact your State Water Board or Regional Office of EPA.

**DIRECTIONS FOR USE**

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

This product can be used alone or with any other EPA registered product as an Insecticide or fungicide for wood treatment.

Contents for use only in treating wood products. This product can be used with any other EPA product registered for wood uses. When adding Arch BA to any other wood preservation products, the concentration of Arch BA must range from 0.05 percent to

4.0 percent by weight (of the finished wood product). Impregnation procedures must rigidly adhere to the current specifications of Arch Wood Protection, Inc. and its American Wood Protection Association. Process is used to apply Arch BA formulation to all bare wood surfaces exposed to the air, and to the surface of wood products. Large visible surface deposits of surface residue or crystalline deposits on treated wood shall be avoided. No spots of chemical on otherwise clean wood shall be allowed. Pressure treatment of wood products with Arch BA wood preservative provides wood with protection against termites, ascomycetes, white rot, brown rot and dry rot.

**STORAGE AND DISPOSAL**

Do not contaminate water, food, or feed by storage or disposal.

**PESTICIDE STORAGE:** Store in original container in a cool, dry and well-ventilated area. Keep in tightly closed containers. Store away from incompatible materials. Protect containers from physical damage. Observe all applicable local, state, federal guidelines for storage and disposal. Open dumping is prohibited.

**PESTICIDE DISPOSAL:** Wastes resulting from the use of this product must be disposed of on site or at an approved waste disposal facility.

**CONTAINER HANDLING:** Nonrefillable container. Do not reuse or refill this container. Completely empty bag into application equipment. Then offer for recycling, if available, or dispose of empty bag in a sanitary landfill or by incineration.
